Trophy hunting raises much needed funds for conservation

Trophy hunting raised more than N$39 million for the Game Products Trust Fund between 2012-13 and 2015-16.

Biodiversity expenditure in Namibia is on the decline

Projected decline in real biodiversity expenditure by government, donors, and the private sector between 2014-15 and 2020-21: -24%

Game Products Trust Fund (GPTF)

The revenue GPTF receives from the sustainable use and sale of wildlife products, such as trophy hunting and live wildlife auctions, is used exclusively for wildlife conservation, community conservation, and rural development programmes aimed at harmonising the co-existence of people with wildlife.

N$70 million was allocated to conservation projects by GPTF between 2012-13 and 2015-16

- N$42.0 million Anti-poaching and wildlife protection
- N$7.6 million Water supply for wildlife and communities
- N$12.0 million Mitigating human wildlife conflict
- N$8.4 million Miscellaneous

Trophy hunting accounted for more than 2/3 of the total revenue of N$57 million between 2012-13 and 2015-16.

Trophy hunting raised more than N$39 million for the GPTF between 2012-13 and 2015-16.
